LAURIER JOINS BOURASSA AND THE NATIONALISTS

Sir Wilfrid Laurier, has taken the plunge. In his old age, in his declining years, on the eve of making his exit from Dominion public life, he has blazed out as an advocate of racial factionism, partly for the purpose of leaving Dominion politics in as bad a mix-up as that in which he found them in 1896, and partly to assure himself of something like immortality among the more bigoted elements of his own people.

The Liberal correspondents at Ottawa dwell upon the "obvious sincerity" of Sir Wilfrid, revealed in his impassioned speech in support of the Lapointe resolution designed to induce the House of Commons to adopt a vote of censure against the Government of Ontario because that Government refuses to convert that Province into a bi-lingual State. It is quite unnecessary to labor this point of sincerity. Naturally Sir Wilfrid was sincere. All young children and very old men are sincere. They are so sincere that they are obvious. Indeed, they are so obvious, even when they attempt to employ subtleties, that they are not really dangerous. Sir Wilfrid is a very old man. Of late he has become much older than his years. He is returned to the ideals of childhood—returned to all the racial prejudices that he inherited and acquired in infancy. True, he is by instinct a politician. Almost unconsciously he hunts for political advantage in everything. With what sincerity, with what enthusiasm, then, he must have pounced upon the Lapointe bi-lingual resolution, when that resolution appealed at once to his racial prejudices and to his passion for seizing political advantage!

Sir Wilfrid possesses all the racial fanaticism of Quebec. In his prime he was able to disguise it. In his decline he is not able to do so. Besides this, Sir Wilfrid has been forced to recognize that the only hope that Quebec can have of dominating the politics of the Dominion is by solidifying the French vote. Four and a-half years of Opposition have taught him that Quebec cannot control parliament so long as the people of Quebec split themselves up into Grits and Tories. But Quebec has sixty seats in the House of Commons. If all those sixty seats could be united in one party, that party would probably hold the balance of power. Like the Nationalist party in Great Britain, it could play the part of a club in the hands of its leader. If any Government should decline to permit it to dictate, it would swing in with the Opposition. It would thus have an infinitely greater power than has ever yet been exercised by Quebec. But Sir Wilfrid, by instinct a politician, sees the advantages of openly rallying such a new party under his standard. He therefore poses as a Liberal, while under his breath he calls the Nationalists to him. He pleads eloquently for the "rights" of his "oppressed" fellow-countrymen living in benighted Ontario! This is the rallying signal. He deprecates Borden's "unfortunate" unwillingness to raise his voice in impotent protest against Ontario's method of conducting its own business. This is the Quebec call for mobilization. But Liberal Ontario must not be frightened! Oh, no! While the signal to Quebec is to be understood in Quebec, it must not be understood by Ontario Liberalism. Otherwise Ontario Liberalism would promptly line itself up with the English-speaking Tories and counter the Que-

bec move. That would never do! Therefore Sir Wilfrid, while rallying Quebec, undertakes to reassure Ontario concerning his undying patriotism, his pride in British institutions, his enthusiasm over Canada's participation in the war, and all the other flub-dub, that it keeps constantly on tap, in order that English-speaking Liberals may be induced to play the game of the new Nationalist party by being kept in ignorance of that party's quiet mobilization. In the next Dominion elections Sir Wilfrid will be glorified by his lieutenants in Quebec as the Great Voice of Freedom shouting the protest of Liberty against the tyrannical oppression of Ontario Infidelity—while Sir Robert Borden and all his following will be execrated as the personification of malignant bigotry!

It is now eight years since Laurier asked to be given the opportunity to finish his work. He has finished it, and in the same place in which he started it. He is today the champion of French-Canadian plans to undermine English influence in Canada, just as he was early in his public career, when he announced that if he had been on the banks of the Saskatchewan when Louis Riel rebelled against British rule, he would have "shouldered his musket" and joined the rebels. His denunciation of the Ontario Government the other day, which, he said, follows the ideals of Germany, was as flagrant an insult to the most British of Canadian Governments—it was as much a true revelation of the real Laurier—as was the Riel outburst of anti-British sentiment a generation ago.

Mr. Puffer to Mr. Rutledge

To the Editor of the Globe:
Dear Sir,—The "explanation" by C. W. Rutledge, in your issue of last week, while lengthy enough to have properly explained does not do so, and evidently was intended to throw suspicion on my motives for opposing the writer's bail insurance bill; also with a veiled insinuation that I had experienced a change of sentiment regarding it through influence exercised by the old line companies.

I seldom trouble myself to reply to anything that is said about me in the papers, but in this case I think the public are entitled to have the facts which Mr. Rutledge has failed to give. Last autumn, when the Patriotic Fund Committee was organizing the campaign for the fund, it was reported to the committee that Mr. Rutledge and his wife had expressed pro-German sentiments to several persons in the town, and that we might as well strike their names off our list. The committee agreed, however, that it might not be fair to assume that they had seriously meant what they were reported to have said, but that if they contributed to the fund they would be absolved from any such suspicion.

Two separate committees canvassed Mr. Rutledge, and each were given a flat refusal to contribute anything to the fund.

As the gentleman was drawing a salary of \$200.00 per month he was able to pay, and we naturally concluded that his information as to this pro-German sympathies must have been correct, inasmuch as he was the only person in the town who refused to contribute to the Fund.

Subsequently his lawyer asked me to support the bail insurance bill at the approaching session, and I refused to consider it unless C. W. Rutledge's name was eliminated, and this he agreed should be done. When the session opened I received the petition and a type-written copy of the bill, but to my surprise found that Mr. Rutledge's name was in both the petition and the bill. I finally did present the petition for leave to introduce the bill as I felt disposed to give them a chance to get another name if they wished to do so, but I did not present the bill itself, neither did I discuss the matter with any one, for I thought at the time the least said about it the better.

About a week later Mr. Rutledge came to see me, in company with Mr. Kenny, one of the others whose names were on the petition, and I explained to them exactly what my objections were. Mr. Rutledge admitted making some of the statements that had been reported to our Patriotic Fund Committee, and I told him that there could be nothing doing unless his name was eliminated, as it was necessary to have at least three names. I also told him that they should see some of the Opposition members, for I had heard a rumor that they were likely to oppose it.

Next morning Mr. Kenny called me up and told me that he had found such strong opposition to the bill among the Opposition members, for the same reasons as mine, that he would drop it for that Session and take it up again next year. The next week Mr. Michener introduced me to the young man's uncle, and I talked the matter over with him. He admitted that the nephew and his wife had been very indiscreet, and stated that he had heard them make remarks to which he himself objected. He held no such views himself, and as he was desirous that the bill should pass he would send his nephew back to Iowa, where they could use him, as he was a good office man. He undertook to have his lawyer substitute another name, and on this understanding I then introduced the bill, and it was read a first time—merely a formal step, as it had not yet been printed. A few days later, on my return to the Assembly after a temporary absence, I found that the bill had been printed, and had also passed second reading and ordered into committee. I also discovered that it had been printed and passed second reading in its original form without any change of names.

When the matter came up in committee I objected to it on the same grounds and gave the same explanation that I have given in this letter. There was pretty strong opposition from some of the members on the grounds that it was an offspring of the Iowa Company, who they claimed had not met their obligations. I had investigated the Iowa Company's record in the Department of Insurance, and found that it was excellent, and the expense of operating had only been seven per cent. last year, and was lower than that of any other company. I also expressed a sympathy for the uncle of the young man, who, I believe, is a loyal Canadian citizen, and is likely to suffer through his nephew's indiscretion. If the bill passed then I feared that it would injure our Patriotic Fund work, as unfavorable comments were already being made throughout my district. I also said that things of this kind, when once started, were very hard to overtake and refute. I felt that our Patriotic

Fund work was more important just now than that of having another insurance company organized this Session, and that they could bring the matter up again next Session, when it could be dealt with more on its merits.

I have no personal animus against the young man, who, I think, has been influenced by his wife, who, I have reason to think, is strongly pro-German, and who, I am informed, has a German mother. They have certainly been indiscreet in remarks they have made at a time when our people are very sensitive. I am informed that he (C. W. Rutledge) is not a naturalized Canadian, and perhaps his uncle's intention to send him back to Iowa would be a very good thing to do at the present time.

Thanking you, Mr. Editor, for your space. W. F. PUFFER.

NO CHANGE MADE IN DOHERTY ACT IN THE SENATE

Ottawa, May 11.—In the senate today Senator Davis, on motion for third reading of the government's bill to make provincial prohibition legislation effective, offered an amendment. The amendment made it a penalty for a brewer or a distiller to make intoxicating beverages in any province which has enacted prohibitory legislation. He said only this would make provincial legislation effective. There was no use prohibiting the sale of liquor if its manufacture was not also forbidden.

Hon. Mr. Loughheed said each province now had the authority to forbid brewing and distilling within its boundaries.

Senator Davis said there was no call for the bill at all then.

Hon. Mr. Loughheed said the purpose of the bill was to protect a province which had declared for prohibition from provinces which had not.

The amendment was defeated by 31 to 15, and the bill was given its third reading.

Third reading was given the bill amending the Canada temperance act to bring the measure into harmony with the government's bill aiding provincial prohibition.

AN APOLOGY

It has always been the aim of the Western Globe to publish nothing of an offensive nature, and we have kept fairly close to this aim. In the newspaper business, as in all other businesses, oversights occur sometimes, and we are sorry to say that one occurred with us last week. In our last issue we published a letter from one Joe Ardell, of Ponoka, and must apologize to our readers for publishing such an rant. In the rush of other work the letter escaped the editor's notice, and not until the paper was out did we find out how offensive it must have been to a very large proportion of our readers. From the effusion one must come to the conclusion that Mr. Ardell is one of those narrow-minded bigoted fanatics, now, thank goodness, almost extinct, and a species that has no place in an enlightened world. His attacks upon Socialists and Roman Catholics were most senseless and uncalled for, and could only emanate from the mind of a man whose intellect has been stunted by years of communion with himself and other bigots.

We will not attempt to hide behind the fact that Mr. Ardell signed his name to the effusion; we accept the full responsibility, and apologize not only to the Roman Catholics and Socialists, but to the Orange Order, inasmuch as we know it is not in accord with the ravings of intellectual defectives such as Mr. Ardell must be.

"On the Night Stage" will be at the Rex Theatre a week from next Thursday, May 25th. It's a Reliance Masterpicture.

DEATH OF JOHN FINCHAM

Another of Lacombe's old-timers has passed away. On Sunday morning the citizens of the town were grieved to hear that John Fincham, a citizen of the town since 1894, had passed away. Mr. Fincham was a pioneer in this part of Alberta, and operated the first blacksmith shop opened here, later adding a foundry and machine shop. A few years ago he sold out his interests here and moved to Stettler, where he continued in the same line of business until his shop was destroyed by fire.

Deceased was born in Ontario on October 10, 1858, and was in his fifty-eighth year at the time of his death. He was married in 1884 to Mary J. Shaver, who survives him. In 1889 Mr. Fincham and wife moved to North Dakota, and after residing there a few years came to Alberta and located at Lacombe. The family have many friends in the district who extend their sincerest sympathy to the bereaved.

Besides his wife, deceased leaves one son, Clayton, to mourn his demise. The funeral took place yesterday morning to the Lacombe cemetery, Rev. M. White officiating.

Mrs. Fincham and son, Clayton, wish to thank the many friends for the sympathetic assistance rendered during the illness and since the death of husband and father.

DEATH OF MRS. FRENCH

It is our painful duty this week to record the death of Mrs. Arthur French, one of Lacombe's most highly respected ladies. Death came with awful suddenness on Sunday evening last, and being totally unexpected was a severe shock to her many relatives and friends.

Mrs. French, who was a nurse by profession, was on a case last week, and on Saturday afternoon complained to her doctor that she was not feeling well. After treatment, she expressed herself as feeling much better, and on Sunday afternoon was feeling much as usual. She was resting in bed about six o'clock on Sunday evening, and apparently sleeping peacefully, but a little later, on her daughter visiting her room, it was found that she was dead. Heart disease was the cause of her death. Her husband and sons, who were out of town at the time, were immediately summoned to Lacombe, and arrangements have been made for the funeral, which will be held this afternoon.

Deceased leaves a large family to mourn the loss of a devoted wife and kind mother—four boys and four girls. Three sons and two daughters are in Lacombe today; two daughters still live in the old home in Scotland, while her eldest son, Arthur, is with Britain's troops somewhere in France. She was in her fifty-second year.

Deceased was a member of the Presbyterian Church, and took a very active part in the work of the church organizations; she was a hard-working member of the W.C.T.U., and her services will be greatly missed.

To her husband and other members of the family the sincere sympathy of their many Lacombe friends is extended.

Mr. French and family wish to thank their many friends for the help and sympathy extended to them in their recent sad bereavement.

MARRIAGES

GANT-DEKKER—At the Methodist Parsonage, Lacombe, on Friday, May 12th, by the Rev. E. T. Scragg, Marlee Gant to Susanna Dekker, both of Gilby.

A quiet wedding took place in Edmonton on Wednesday last, when James McWilliams, of the Pioneer Meat Market, and Miss Mary Neilson were united in the holy bonds of matrimony, Rev. Dr. McQueen performing the ceremony. The young couple have taken up their residence in Lacombe in the house recently occupied by Mr. and Mrs. Harold Slater.

A very popular wedding took place at the home of Mr. Engen, Gilby, on Monday, May 8th, when Martin Engen and Polly Nygaard, both of Gilby, were united in the holy bonds of wedlock by Rev. A. Hjortas, of Sylvan Lake. A large number of people from the vicinity of Gilby, and others from outside points, witnessed the ceremony. Many beautiful presents were received by the happy couple. The district should remember that well-known in the vicinity, and all unite in wishing them all the happiness and success possible on their journey together along life's pathway.

"MASTER SHAKESPEARE STROLLING PLAYER"

All those who saw the De Luxe Masterpicture, "The Thoroughbred," the first De Luxe picture to be shown in Lacombe, will learn with pleasure that we are to have the second masterpicture of this edition at the Rex tomorrow (Thursday) evening. They are beautiful, to say the least.

To Florence La Badie, of "Million Dollar Mystery" fame, is given the leading role, and she will be assisted by an exceptionally strong cast, among whom are: Robert Vaughn, Robert Gray, Lawrence Swinburne, Robert Whittier, Ethyle Cooke, and Nick Woods.

"Did Wm. Shakespeare write the plays which have been credited to him, or were they the work of Lord Francis Bacon, scholar and statesman?" This extraordinary drama gives the famous actress, Florence La Badie, one of the best opportunities of her brilliant career to display the rare talents which have made her an acknowledged leader in her chosen field.

See it at the Rex tomorrow.

MARGUERITE CLARKE IN "GRETTA GREEN"

Of course the Rex will be crowded to its capacity on Saturday evening, for none other than that little screen star, Marguerite Clarke, will be seen in the title role of "Gretta Green."

All that will be necessary to say here is that it is a Famous Players production, and you all know they are always good, and that Marguerite Clarke has won the hearts of Lacombe picture fans. These two facts will prove enough to fill the Rex Saturday evening. For those of our citizens (merchants, clerks, etc.) who are unable to see it Saturday the privilege is given to them to see it on Monday evening next, so there will be no excuse for anyone missing the opportunity of seeing it. Don't forget that there is always a weekly shown with Famous Players productions.

WESTERN LIBERALS OPPOSE SIR WILFRID LAURIER, LEADER

Winnipeg, May 12.—The Manitoba Free Press, discussing the Lapointe bilingual resolution today, says in part:

"Nothing is to be gained by any attempt at minimizing the seriousness of the situation, which has been created by the mischief making resolution submitted to Dominion parliament by E. Lapointe, M.P. for Kamouraska."

"The responsibility for this unfortunate projection of an acute racial issue into the discussions of the federal parliament rests chiefly, we are bound to say, upon Sir Wilfrid Laurier. The outcome may be calamitous to the Dominion. To the Liberal party it must be disastrous. The Liberal leader has committed himself to a position which will be warmly repudiated by an overwhelming majority of the Liberals outside of the province of Quebec. The situation, which thus arises is so anomalous and unprecedented that a solution for it must be sought and found."

"The motion before the commonsense is an attempt by the province of Quebec to coerce the parliament of Canada into admitting the province of Ontario upon the manner in which its schools are administered."

"If the Dominion parliament is to go into the business of giving advice it might address a few words of counsel to those who are responsible for this dangerous agitation. It might point out to them the madness and wickedness of trying to take advantage of this crisis in our country's fate to coerce the English-speaking provinces into accepting the Nationalist program."

"The people of these provinces have no intention of allowing themselves to be dragged or bullied into courses of action against their own judgment. The people of Ontario, leaving aside the clamorous minority who have been instructed to believe that they are aggrieved, are behind the education policy of the government to a man. This is likewise the case in this province, Ontario and Manitoba can command, if the need arises, the support of other provinces."

"There will be no yielding at any point to these Nationalist demands which have not so accountably received the blessing of the French Liberal chiefs. Canadian provinces included in the scope of these condemnations will carry out their educational policies inflexibly whatever the consequences. It is well that our friends in Quebec should understand the situation. They are not going to be permitted to impose their will upon the rest of Canada."

SIR SAM HUGHES SAYS SOMETHING PERTINENT

Toronto, May 11.—A special dispatch from Ottawa says:

"The protest of the United States Government over the use of the words 'American Legion' on the 97th battalion military badges is not likely to result in the elimination of the words if the attitude of Sir Sam Hughes is any guide. When the general was asked if the words 'American Legion' were to be eliminated he replied: 'Why should they take it off? Isn't American universal? Are they not our boys just as much as any others?'"

RED DEER HALF-BREED DOWN FOR TWO YEARS

Red Deer, May 10.—W. J. Thompson, a local half-breed, who last week came up before Inspector Lindsay of the Mounted Police here on three charges of theft of two horses and a saddle from Indians at Lacombe, and was committed for trial, decided to enter a plea of guilty and applied for a speedy trial. He came up before Judge Mahaffy here today and was given two years on each of the horse stealing charges and one year for taking the saddle. The sentences are to run concurrently. He was taken to Edmonton penitentiary tonight.

\$15,000 MISSING FROM THE FUNDS OF THE 84th REGIMENT

Toronto, May 11.—Behind closed doors a court of inquiry, composed of Judge Advocate General of the militia department, Lieut.-Col. J. G. Lanton, and Lieut.-Col. Forbes, of this district, sat Wednesday to investigate the financial affairs of the 84th battalion, commanded by Lieut.-Col. W. T. Stewart, who came to Toronto from Montreal at the outbreak of the war. Stewart's brother was paymaster of the unit. It is said that during a recent tour of inspection of the different paymasters' departments Lieut.-Col. Lanton found funds of the 84th battalion unaccounted for. His report to Ottawa was the cause of the investigation.

Brig.-Gen. Logie had informed

the press that the inquiry would be opened to the public. At the last moment, however, he was told by the militia department that the court would obtain its evidence behind closed doors and present their findings to the militia department. The commanding officer is temporarily under suspension. It is stated that \$15,000 must be accounted for.

FORMER SHERIFF SENT UP FOR TRIAL

Weyburn, Sask., May 11.—William Little, former sheriff for this judicial district, was today committed for trial by magistrate on a charge of misappropriating funds, the property of the provincial government. Bail was allowed in the sum of \$20,000.

George A. Fraser, sheriff's deputy, of Assiniboia, has been arrested on a similar charge, and will be given a preliminary hearing next week.

DO NOT HOPE TO STARVE ENGLAND

London, May 11.—Chancellor Von Bethmann-Hollweg, in the course of a recent speech, said:

"A great mistake has been committed in overstating the value of the submarine campaign against England. Our naval experts no longer believe in the probability of reducing England to starvation and ruin by submarines, even if the war lasts another two years. It is true that these instruments can inflict a frightful amount of damage, but this damage would be insufficient to outweigh the danger to ourselves of America's hostility."

"It is folly to underestimate the consequences of a conflict with America, nor should we risk only America's enmity. Our information leads us to believe that other neutrals might follow America's lead."

"The imperial government has weighed every factor, and is convinced of the necessity of avoiding a breach with America."

"These are the hard facts of the present situation. We have worded a reply such as may reserve future liberty of action. If the situation changes, we may cancel our concessions to America and resume unrestricted submarine operations, but for the present we must overcome our feeling and pursue the policy most conducive to final victory over all our enemies."

GERMAN SOCIALISTS SHOT

Geneva, May 11, via Paris, 2 p.m.—Swiss Socialists report they have received information that three German officers and thirty-two soldiers, all Socialists, have been shot for distributing in the trenches a pamphlet concerning the second Socialist peace conference at Zimmerwald, near Berne. At this conference protests were made by Socialists against methods of warfare which the delegates said had been adopted by the Germans.

IRISHMEN URGED TO SUPPORT THE REDMOND PARTY

London, May 11.—The Irish parliamentary party has issued a manifesto to the people of Ireland calling upon them to support the constitutional movement as the only one by which their aspirations for self-government can possibly be realized.

"Another tragedy," says the manifesto, "has been added to the long tale of the Irish history. The capital of Ireland has been the scene of a mad and unsuccessful attempt at revolution. Blood has been shed freely. It is true that Ireland has been bitterly provoked by the growth of a similar revolutionary and illegal movement in another part of Ireland, backed up by an army in revolt. It is true that the grave responsibility for these events in Dublin rests upon the leaders of that movement. These things will have to be discussed at the proper time."

"It is true that Ireland has been shocked and horrified by a series of military executions by the military tribunals in Dublin. These things have been done in the face of incessant and vehement protests of the Irish leaders, and these protests will be pressed continually and strongly until the unchecked control of the military authorities in Ireland is abolished. But it is also true that, in spite of bitter provocation, the people of Ireland have had no hesitation in condemning the rising in Dublin as a dangerous blow at the heart and hopes of Ireland."

"On the morrow of this tragedy we feel called upon to make a solemn appeal to the people of Ireland to draw the conclusions which these events force upon them. We must leave no misunderstanding in their minds as to

our convictions and our resolves. Either Ireland is to be given over to unsuccessful revolution and anarchy, or the constitutional movement is to have the full support of Irish people and go on until it has completed its work."

HUN LOSSES NOW TOTAL CLOSE TO THREE MILLIONS

London, May 10.—An official British estimate of German casualties in April, issued here today, places the total at 91,162. The number of German casualties since the beginning of the war is given as 2,822,079. These figures were given in the following statement:

"German casualties, exclusive of corrections, were reported during the month of April, 1916, as follows:

"Killed or died of wounds, 17,455.
"Died of sickness, 2,395.
"Prisoners, 1,921.
"Missing, 6,217.
"Severely wounded, 14,557.
"Wounded, 4,001.
"Slightly wounded, 28,979.
"Wounded remaining with units, 5,637.
Total, 91,162.

"These, added to those reported in previous months, including corrections reported in April, 1916, brings the totals reported in German official lists since the beginning of the war to—

"Killed or died of wounds, 664,552.
"Died of sickness, 41,325.
"Prisoners, 137,798.
"Missing, 197,094.
"Severely wounded, 385,515.
"Wounded, 254,027.
"Slightly wounded, 1,023,212.
"Wounded remaining with units, 117,956.

"Total, 2,822,079.
"These figures include all German nationalities—Prussians, Bavarians, Saxons, and Württembergers, but do not include naval or colonial troops."

HARVEST IN GERMANY TO BE FAILURE

London, May 12.—The Daily Telegram's Rotterdam correspondent says, according to reliable information he has received, Germany's next harvest is bound to be a failure.

"It is this hopeless prospect for the future," he says, "that has impelled the German government to a desperate peace venture through the medium of negotiations with the United States."

"The failure of the harvest is due entirely to the blockade. German crops will be poor because German ground is impoverished, and the ground is impoverished because the British navy has cut off from Germany all its overseas supplies, first of cattle feeding stuffs, secondly of artificial fertilizers. In all parts of the empire farmers have reported that their land will not this year bear its full yield."

"With this fact now before it, the government knows that even if it staved off in the meantime, famine next winter is inevitable."

PEACE TALK OF GERMANY AGAIN COMMENTED ON

New York, May 12.—A London despatch to the World says: "Sir Edward Grey, the British secretary of state for foreign affairs, was asked yesterday for a statement of England's position in connection with the peace suggestions which have recently emanated from Berlin and elsewhere. He replied:

"I am sorry I cannot answer the World beyond what was said by the prime minister to the French senators and deputies on April 10, and to the members of the Russian Duma on May 9th, and the statement on peace made by Lord Robert Cecil on May 10th, with all of which I cordially agree."

London, May 12.—"The latest peace overtures, said to be of German origin, while not as insistent and impossible as previous statements on the same subject, certainly do not as yet offer a basis of negotiations," said Lord Robert Cecil, minister of war trade, in discussing with the Associated Press the latest reported German peace terms. Lord Robert continued:

"We have never received, either officially or unofficially any direct peace suggestions from Germany, and the only indirect overtures we are aware of appear in the speeches of Chancellor Von Bethmann-Hollweg and the recent German note to America. We would not think of discussing or even considering any overture without consulting our allies. No formal or informal conference for this purpose has even taken place."

"In diplomatic procedure a neutral is hardly likely to make any suggestion of peace terms unless certain they are acceptable to the recipient."

"If Germany should decide to approach us through the medium of the United States, the latter

While disclaiming any knowledge of the internal condition of Germany, Lord Robert declared that the increasing reports of peace overtures indicate there is some truth to the stories that the central powers are in desperate straits.

HUNS MUST SUE FOR PEACE

"France does not want Germany to tender peace, but wants her adversary to ask for peace," President Poincaré of France declared in a speech on the recent German overtures contained in the note to the United States.

No better or pitier summary of the position of the Allies, as regards peace in Europe, probably can be made. It intimates plainly that the Allies are not disposed to enter into any dickering so long as the Germans retain their present military position. Before the Allies will consider the peace question the central powers must ask for peace, not tell us what their terms are. This single sentence reveals the position of the Entente Allies better than any amount of long and labored expositions.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. At any drug store.

Central Alberta District Convention

The fourth annual convention of the Women's Christian Temperance Union, for Central Alberta District, was held in Daysland Methodist Church on May 11th and 12th.

There were in attendance delegates from Bawlf, Sedgewick, Bashaw, Camrose, Coronation, Clive, Olds, Red Deer, Wetaskiwin, and Lacombe.

The convention was called to order by the President, Mrs. E. M. Sharpe. After the appointment of committees, reports of the year's work of the various unions were read by the delegates.

During the convention interesting papers were read and discussed. Miss Anna Grant, Wetaskiwin, gave a paper on the practical education of young women. Scientific Temperance in Schools was dealt with by Mrs. N. M. Aylesworth, Olds. The Value of the Educational Half-Hour was taken up by Miss Hall, Camrose, and a helpful discussion followed. Mrs. J. J. Poole, Wetaskiwin, read a paper on "Our Responsibility Regarding the Franchise," pointing out the privileges, with their responsibilities, in this new era for the women of Alberta.

On Wednesday evening Mrs. McKinney, Convention Speaker, gave an interesting address on "Our Present Responsibility Regarding the Liquor Traffic," which she asserted was not dead although prohibited.

The officers elected for the ensuing year are as follows:

President—Mrs. E. M. Sharpe, Lacombe.
Vice-President—Mrs. N. M. Aylesworth, Olds.
Corresponding Secretary—Mrs. R. P. Hughes, Olds.
Recording Secretary—Mrs. Millin, Wetaskiwin.
Treasurer—Mrs. Fatland, Camrose.

A gold medal contest in elocution was held on Thursday evening between contestants from Red Deer, Wetaskiwin, and Camrose. Miss Mabel Poole, Wetaskiwin, was the successful competitor.

TO MY FRIENDS

Look up the date of your subscription and see when you last paid for your paper. I am a candidate in the Globe Contest, and would like to have your back subscriptions as well as any new ones. I may not be able to make a personal canvas of every one, as the territory is too large, and would therefore ask those in arrears to mail the amount of their subscription to me—not to The Western Globe Office," as I would not receive the credit for it if sent there. I will forward a receipt by return mail to any sending in their renewals or subscriptions to me. I would also ask each subscriber to cut out the vote coupon each week and save them for me.

Yours truly,

No, people, you're wrong—the rink will not open for a few days yet.

Don't show "the white feather" and miss that big show at the Comet Theatre next Saturday night, the 20th. It's certainly going to be one dandy show. It played its third engagement this year at the Grand Theatre, Calgary, the last three days of last week. See hand-bills and posters.

1200 ALIENS ATTEMPT TO BREAK AWAY

Cochrane, Ont., May 15.—One man dead, nine seriously wounded, several fatally, and four injured, is the result of an outbreak instigated by 300 Austrian prisoners who arrived at Kapuskasing prison camp, sixty miles west of here, on the Transcontinental railway, from Petawawa, on Wednesday last, under guard of 300 soldiers. The outbreak, in which 900 other inmates of the camp participated, occurred on Friday, and the riot lasted several hours, the soldiers using their bayonets as well as firing on the prisoners. General Logie, commanding the Toronto District, is in camp conducting an investigation. The new arrivals who started the uprising had already given considerable trouble at Petawawa. They refused to go to work, and turned on their guards. There were no casualties among the soldiers. Tonight the camp is quiet.

Details of the riot so far known show that on Friday morning the newly arrived Austrians, who had been sent from Petawawa, owing to doubts as to the ability of the authorities there to cope with them, refused to do manual labor.

Bad Lands News

"Cum Grano Salis"
The readers of the Bad Lands Budget will, we are afraid, receive short measure this week. We have been trying to dig a piece of breaking. We wish the man that did the breaking had the job of digging it. That bit of digging has shaken every idea and a good deal more clean out of us.

The coyotes seem to have made a pretty good job of cleaning up the rabbits around here last winter. The brush this spring is full of legs and oddments of rabbit, and there are not many of the latter in evidence these days.

A Chutsey pig-breeder has been granted total exemption from military duty. The pen, it seems, is still mightier than the sword.

Isn't there some popular young lady in your district that you would like to see win that Chevrolet Car given away by the Western Globe to the lucky contestant in the Great Circulation Campaign? If so, nominate her today.

Last week we had a preliminary canter into the region of politics. This week we intend to confine our gallop. In a country like Canada where graft (we are sorry to say) is rampant, and therefore the inclination to impute graft is ever ready, it behooves the politician who would keep his skirts clean, to keep himself and his family connections clear of anything savouring of participation in government contracts or contracts with parties favored of government.

Why do our large corporations, who come to government for help in the way of guarantees to their bonds, have so many subsidiary companies, construction companies, etc., who are all really the same company? We don't know, but it looks to a common sod-buster like ourselves that they would be handy as covers or attempted covers for graft. For example—Bill Baillie, and other interests behind him, gets the Alberta Government to guarantee the bonds for the Rainy Creek Ship Canal and other valuable concessions. Our local member of parliament, Mr. Jack Damron, naturally used his influence to get this guarantee, etc., put through. When everything is in ship-shape to start work we hear that the Horse-Shoe Lake & Rainy Creek Construction Co. have awarded the contract for supplying them with beef to Bert Thorp for 20 cents a pound. Well, what of it? Oh! Nothing! Only the Horse-Shoe L. & R. C. Construction Company is another name for the Baillie interests, and Bert Thorp another name for Jack Damron. Would we blame people if they looked shy and said they guessed Damron and Baillie had it all fixed up before and the whole thing was sanguinary graft? Now, to get down to our muttons. The McArthur's received from the Alberta Government very valuable concessions to build railways in the North. Our member for Lacombe, Mr. W. F. Puffer, assisted in getting these concessions put through; then the Subsidiary Construction Co. (not the McArthur's? Oh! No!) gave Mr. L. W. Puffer the contract to supply them with beef at a high price. The C. N. R. come to the same government for guarantees of their bonds, and our above-mentioned friend again helps the good work along, as does Mr. Robert Shaw, M.P.P. for Stettler. When the Construction Company of the C. N. R. awards its contract for beef who gets it? Why, Bob Shaw, and he being a good-natured fellow turns over half to his dear friend and colleague, W. F. Puffer, M.P.P. from Lacombe. With a government whose premier has suddenly risen from penury to affluence and the ownership of a loan company, in the few years since he assumed the premiership, with an Attorney-General, against whose department many specific charges of graft have been made, and of which he has not cleared himself, it looks, to say the least, fishy, that the contracts for supplying beef to companies helped by that government go to M.P.P.'s or their families. Do you think W. F. Puffer a safe man to trust with the interests of the Province? We do not. Whether he has used his position, or only looks like it, we don't know, but he has sailed too near the wind. To save this Province from absolute ruin the whole shebang, from Stettler down, want to be cleaned out and give us a fresh bunch and an honest one.

At the White Lunch—Mrs. Fitzgerald: "Yes Sir, omelets have gone up on account of the war." Capt. Grimes: "Great Scott! Are they throwing eggs at each other now?" Mrs. Fitzgerald: "Yes Sir; it's the shells, sir."

In the Sunset Hill School a class was having the history lesson, and the subject under consideration was the life of Queen Elizabeth. The teacher, after outlining the career of that wonderful woman who found England poor, weak, and divided, and left it strong and conscious of greater possibilities, asked: "Now, can any of you tell me when Queen Elizabeth died? Perhaps John Kennedy will tell the class?" "She's no deed yet," replied Johnnie, "because I heard me feyther say she was fechtin' in the Dardanelles."

"Miller, the Captain wants you; what's been doing?" "It's that dog," ejaculated Private James Miller, as he made ready to present himself before his superior officer. "Miller," said the Captain, "this gentleman complains that you have killed his dog." "A dastardly trick," warmly interrupted Norm Ross, owner of the dog, "to kill a defenceless animal!" "Not much defenceless about it," chimed in Private Miller. "He bit pretty freely into my leg while I was on sentry duty, so I ran my bayonet into him."

"Nonsense," answered Norm angrily, "he was such a docile creature; why did you not defend yourself with the butt of your rifle?" "Why didn't he bite me with his tail?" asked Private Miller.

Some years ago we read "Looking Backward," but we saw it the other day in the Dominion Land Office, Lacombe.

For some time past a band of day and night robbers have been operating to the south-west of town and causing the neighbors in that vicinity no end of trouble. Word was received in town late one afternoon that the den of the robbers had been located, and the leader shot to death in a fierce battle by Abe Froman. Colonel Whitecotton quickly called his men together and swore in R. Alexander, S. Tugman, G. Isn't there some popular young lady in your district that you would like to see win that Chevrolet Car given away by the Western Globe to the lucky contestant in the Great Circulation Campaign? If so, nominate her today.

One of the most pleasant meetings ever held by the Milton Aid was held at the home of Mr. and Mrs. Robert Smith last Thursday, and although the day was very stormy nearly all the members braved the elements and went to the meeting. After some business was discussed and some pleasanties exchanged, all sat down to a splendid supper prepared by Mrs. Smith, to which everyone did full justice. Mr. and Mrs. Smith make an admirable host and hostess.

THE CONTEST FOR CHEVROLET CAR OFF TO A GOOD START

Eight hustlers, every one of them, are busily engaged in the task of endeavoring to come out in the lead of the Western Globe's Great Circulation Campaign, and still there'll be others—there's sure to be, as the fair sex are not yet represented. Surely they do not intend to let the men have it all their own way after the Provincial Government going to all the trouble of putting them on an equal footing with their brothers as regards the voting franchise—and votes are what count in this big Circulation Campaign now in full swing. The contestant having the largest number of votes to his or her credit at the end of the contest will receive the Chevrolet Car, valued at \$750, and who wouldn't like to own one in this beautiful auto weather?

The following compose the eight contestants who are at present putting forth their best efforts to come out winner:—
"Billy" Reid, Lacombe.
Ronald McCully, Lacombe.
Frank McLean, Lacombe.
J. Bullis, Lacombe.
F. E. Allison, Clive.
E. Madden, Fairview.
C. S. Hartley, Bentley.
K. Mathison, Brooksley.

No, of course they can't all win that car, but all non-winners will receive ten per cent. of monies they send in. Could anything be fairer? They all have an equal chance for the car, and if unsuccessful, they get paid for their time and pleasure, for it is a pleasure taking part in such a contest as this, continually meeting old friends and making new ones.

We wish it to be distinctly understood that we have no favorites in this contest; all have an equal show. It makes no difference to us who has the largest number of votes—we'll give him or her the car, and may the winner live long to enjoy the pleasures of motoring which will accrue from the use of the same is the wish of the Contest Manager.

Now, just a few words to the contestants:—
Please read over very carefully the "Instructions to Candidates" found in the full page ad. elsewhere in this issue—yes, read the ad. in its entirety. (All others will find food for thought in that same ad.)

Don't forget that in a contest of this kind it is WORK that counts—make every minute tell. Surely the \$750 prize is worth working for—is it not?

Upon a contestant handing in his weekly list of subscriptions

received he will receive a receipt showing the number of votes. He is entitled to, which he should retain until the close of the contest as the Western Globe count should tally with his receipts. In following out this plan there will be no chance for mistakes. At the close of the contest the managers of the three Lacombe banks will add up the totals and award the car to the candidate having the highest number of votes to his or her credit.

Don't forget that we can furnish you with receipt books if you have a friend that wishes to assist you in soliciting subscriptions. But win that car. All information concerning the Chevrolet Car can be found in the distributors—Messrs. Trimble & Garland—ad. upon another page of this issue.

"ON THE NIGHT STAGE"

There will be no disappointment this time. "On the Night Stage" will positively appear at the Rex Picture Theatre on the night of Thursday, May 25th (a week from, tomorrow). There will be two full shows that evening in order to accommodate the crowds who will want to see it in Lacombe and surrounding district. The first show will start promptly at 7.30, and the second one at 9 o'clock. Please remember this it will be here for but one night, and it has taken the theatre management months to secure it. It's a Reliance Masterpiece, and you know you never saw a poor reliance picture, single or otherwise. This one is in five reels. Further particulars next week.

Lockhart News

Bentley is fortunate in the possession of a public-spirited citizen, in the person of Uncle Webb Damron. Fearing that the recent fire had not given the local fire brigade a thorough try-out, Uncle essayed to give them another try all on his own account. He was successful in starting quite a nice little blaze last Monday, but the firemen promptly "doused the glim."

Mrs. Thompson, of Rainy Creek district, returned to her home after a seven-weeks' visit in Victoria, B.C. She arrived in Bentley on Bill Baillie's cream express.

Miss Paulina Skjonsberg, accompanied by her uncle, Mr. Julius Johnson, visited Lacombe last week.

Mr. Geo. E. Garri s, proprietor of the "Ne Plus Ultra" Machinery Emporium, Repair Shops, and Iron Foundry, motorized to Lacombe recently with Mr. Jas. P. McPherson.

We are glad to say Grover's new buggy has already had a good effect. He has now got a C. A. Putland and family went to Lacombe on Monday in the Bentley Whizzer.

Messrs. Martin, Vig, and Skjonsberg, were seeing the sights of Lacombe the forepart of this week. They took in all the shows on the Midway Pleasure.

Morningside News

Our teacher, Miss O'Donnell, spent the week-end with her friend, Miss Johnson, at Chigwell.

Isn't there some popular young lady in your district that you would like to see win that Chevrolet Car given away by the Western Globe to the lucky contestant in the Great Circulation Campaign? If so, nominate her today.

Miss Nellie Johnson has been visiting in Hobbema. The farmers in this vicinity are well advanced with their seeding. Some are nearly through.

Mr. Carter had a colt strayed away about a week ago. After searching the entire neighborhood he found that it had got in a drain and died.

Those from here who have attended the special meetings at Fairview have spoken very highly of them. The song service, led by Mr. McBerney, with his cornet, is alone worth going the distance to attend, and it is only a fitting introduction to the presentation of the gospel message by Mr. Craig in his plain pointed way. We expect both

Mr. Craig and Mr. McBerney to be with us next Sabbath at four p. m.

Bentley News

May 15th. We are having each day our daily snows.

The P. E. Thorp Garage is going right up, and will be ready for business in a week or so.

The weather is delaying the work on the meat market basement and other buildings.

Arbor Day was observed and made good use of on Friday last, the school yards being cleaned up. The school building was also cleaned, the ceiling painted, and the floor oiled.

Isn't there some popular young lady in your district that you would like to see win that Chevrolet Car given away by the Western Globe to the lucky contestant in the Great Circulation Campaign? If so, nominate her today.

The Y. M. C. of this district have purchased a good line of baseball supplies, and are having practice on Wednesday and Saturday nights.

G. Haarstad & Sons have now in crop 340 acres of grain, with still some 20 acres to put in for green feed.

The W. W. Damron residence took fire on the afternoon of May 8th, and the phone and fire bell gathered quite a crowd of men in a few minutes, which succeeded in saving the building after some hard work.

News in the district seems to be scarce just now.

It is now understood that the belt, long held by C. W. W., is now in the possession of D. B. P.

When does Bill Baillie gather the cream that he takes through here so early Monday morning of each week? Is a question that we have been unable to answer. We leave it to Bill.

J. J. Whitesell, Tommie Coggins, and Lyman McPherson, are to report at the 218th barracks on the 20th, so this is their last week at home here.

Wonders will never cease. Some new "Wonder Oil" for making gasoline go a long way is coming out every day, but we are still buying plenty of 45-cent gasoline.

There has been some damage from frost to the early grain in this district, but it is hard to tell to what extent as yet.

BENTLEY ADS.

Notice—I wish to announce to my customers that I am doing business in the Barronson Building, in the rear of the school-house, for the present.—H. W. Birch, Blacksmith. (M. 3-3c)

Spruceville News

The last meeting of the U. F. A. was held at Mr. G. Thompson's, and in spite of the bad weather a good crowd turned out. At the conclusion of the business meeting a dainty lunch was provided by the ladies, and was thoroughly enjoyed by all. The next meeting will be held at J. J. Kasha's on Wednesday, June 7th. The members are all asked to turn out and attend the meeting and have a good time.

Isn't there some popular young lady in your district that you would like to see win that Chevrolet Car given away by the Western Globe to the lucky contestant in the Great Circulation Campaign? If so, nominate her today.

The directors have made arrangements with Mr. Young to hold special services at the Spruceville School-House on U. F. A. Sunday, May 21st. Members and all are invited to attend church on the above date.

If you are interested in twine see the secretary of the local union at Spruceville for particulars.

There will be another dance at the U. F. A. hall on Friday, June 2nd. Everybody come and have a good time. Ladies will please remember the cakes.

Fairview News

The special services being held in the church here are being well attended. Mr. Craig is not afraid to speak the gospel truth plainly, and Mr. McBerney sings the message from his heart in a way that does good. Great interest is being awakened. On Sabbath morning next a special U. F. A. service will be held. Mr. Craig says he was longer behind the plow than in the pulpit. He will address his remarks on that day (U. F. A. Sunday) especially to the farmers, and it is to be hoped there will be a large turnout.

Mr. E. Madden, who is Fairview's candidate in the Western Globe's Great Circulation Campaign, of which the Grand Prize is a \$750 Chevrolet Car, would appreciate all the help possible from his friends in the way of new subscriptions or renewals and would also ask that they send in all the 10-vote coupons possible to the Globe Office in his favor.

WITH THE CADETS

On Wednesday, May 3rd, Major Outit was in Lacombe inspecting the school cadets, and he reports all in perfect condition, both in drill and discipline. The two winners in the shooting contest were awarded their medals with military honors. Ronald McCully won first place in this contest, and David McDonald second.

The cadets are in good trim for the summer field work, which will commence as soon as the weather will permit.

A bugle band is being organized by the boys, and will soon be complete, as some of the boys already know how to play bugles and beat drums.

The cadets drill from half-past three until four o'clock on Wednesday afternoons, and from three o'clock on Friday afternoons. All those interested in the work of the cadets are cordially invited to come and see the boys on either of the drill days.

Any time you are feeling "headachy," or bilious, or if your complexion is yellow or spotty, start taking Chamberlain's Tablets at once. Most times a single dose at night makes you bright and smiling in the morning with a clear head and a vigorous appetite.
